PROFILE SUMMARY

Enthusiastic AI + MERN Full Stack Developer with a strong focus on frontend development and AI integration. Skilled in building responsive, interactive, and intelligent web applications using React.js, Node.js, MongoDB, and AI APIs. Seeking opportunities to contribute to innovative projects, leverage AI technologies, and grow as a professional developer.

TECHNICAL SKILLS

Frontend: React.js, HTML5, CSS3, JavaScript (ES6+), Tailwind CSS, Redux
Backend: Node.js, Express.js, REST APIs
Databases: MySQL, MongoDB, Mongoose
AI & Automation: OpenAI API, LangChain, AI-based Automation,
Version Control & Tools: Git, GitHub, VS Code, Vercel, Cursor
Language: Python, Java, C++, JavaScript
Key Concepts: Responsive Design, State Management, API Integration, Authentication (JWT)

PROJECTS

Pickify – Grocery E-Commerce Platform
Tech Stack: React.js, Tailwind CSS, Node.js, Express.js, MongoDB

- Developed a full-stack grocery e-commerce platform with an admin panel for product and order management.
- Built a responsive UI for product browsing, cart handling, and order placement.
- Integrated RESTful APIs for efficient data flow and backend operations.

🔗 Live Demo | 💻 GitHub

Add-to-Cart Web App
Tech Stack: React.js, Context API, CSS

- Developed a shopping cart system with item quantity, total calculation, and persistent storage.
- Focused on UI structure, routing, and component reusability.
- Integrated RESTful APIs for efficient data fetching and order operations.

🔗 GitHub | 💻 GitHub

ACHIEVEMENTS & CONTRIBUTIONS

- Volunteered 3+ times in Microsoft Azure Developer Day events on AI, Gen AI, and ML
- Solved 100+ LeetCode problems enhancing algorithmic and problem-solving skills
- Contributed to open-source projects and AI-based personal projects
- Daily contributions on GitHub, demonstrating consistency and commitment to coding projects

SOFT SKILLS & CORE STRENGTHS

- Quick learner, adaptive to new AI & web technologies
- Problem-solving, debugging, and algorithmic thinking
- Team collaboration and clear communication

EDUCATION

Indira Gandhi National Open University
Bachelor of Computer Application - (BCA)

National Institute of Electronics and Information Technology
'O' Level & 'A' Level

CERTIFICATIONS

- Full Stack Web Development (MERN) – 30DaysCoding
- React.js Frontend Development – 30DaysCoding
- AI Tools Integration & Automation – 30DaysCoding
